Dear Sir:

This is in reference to the Form 310 submitted to this office covering gold piece(s) detained from the above. These gold piece(s) may not be held by a person subject to the jurisdiction of the United States for the reason checked below:

☒ XX

It has been determined that the gold coin(s) are not of such exceptional numismatic value within the meaning of the Gold Regulations as to warrant the authorization of their importation into the United States.

ONE (1) 1918 20-pesos, Mexico

☐ The gold piece(s) are considered to be medal(s). Gold medals are not considered to be fabricated gold nor are they gold coins of exceptional numismatic value within the meaning of the Gold Regulations, and may not be held by persons subject to the jurisdiction of the United States.

☐ The gold piece(s) have been soldered or mutilated in some way. Persons subject to the jurisdiction of the United States have been prohibited from holding mutilated gold coins within the United States since 1933 and outside of the United States since 1961.

Dear Mrs. Rossmiller:

A determination has been made that the two (2) 1945 2-peso Mexican gold coins delivered to you by the Bureau of Customs, Dallas, Texas may be accepted as a deposit.

Since these gold coins were forfeited to the Government and are now owned by the United States, settlement should be made therefor on the basis of \$35 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to the Bureau of Customs, P.O. Box 6250, Dallas, Texas 75222 citing district case number 463058 GO-1038-D as reference in your transmittal.

Sincerely,

Eva Adams

Dear Sir:

This is in reference to the Form 310 submitted to this office covering gold piece(s) detained from the above. These gold piece(s) may not be held by a person subject to the jurisdiction of the United States for the reason checked below:

☒ XX

TWO (2) 1945 2-pesos, Mexico

It has been determined that the gold coin(s) are not of such exceptional numismatic value within the meaning of the Gold Regulations as to warrant the authorization of their importation into the United States.

☐ The gold piece(s) are considered to be medal(s). Gold medals are not considered to be fabricated gold nor are they gold coins of exceptional numismatic value within the meaning of the Gold Regulations, and may not be held by persons subject to the jurisdiction of the United States.

☐ The gold piece(s) have been soldered or mutilated in some way. Persons subject to the jurisdiction of the United States have been prohibited from holding mutilated gold coins within the United States since 1933 and outside of the United States since 1961.

The person listed above may, under Customs supervision:

☒ XX

Export the gold piece(s) to a person not subject to the jurisdiction of the United States.

☐ Forward the United States gold coin(s) for redemption at face value (unless reduced below the limit of tolerance, in which event payment is made at the rate of \$20.67 per fine troy ounce). A check would then be drawn payable to the person listed above.

Miss Eva Adams, Director
Bureau of the Mint

July 5, 1963

Superintendent, U. S. Mint, Denver

Supplement to June 1963 Monthly Activity Report
(Your letter of June 27, 1963)

There appear to be no records of visitors to the Denver Mint prior to 1953. Mr. Monahan, as well as some of the older employees, says that tours were stopped during the war years; this, perhaps, accounts for the lack of records.

For the years 1953-1962 the records show:

<u>Year</u>	<u>No. of visitors</u>
1953	43,571
1954	33,192
1955	34,417
1956	31,256
1957	38,361
1958	36,872
1959	50,294
1960	43,175
1961	39,925
1962	41,242

Since November 1962 we have tried the "open-door" policy (that is, no reservations) and so far, in the first six months of 1963, we have taken 37,313 persons through the Mint--with July and August, our heaviest months, yet to come.

Dear Mrs. Miller:

This is a reminder concerning certain information to supplement your June 1963 Monthly Activity Report.

Please complete Item 4, on Schedule III, giving the number of fine ounces of unrefined gold and silver bullion held on June 30, 1963. Blank forms are enclosed for a complete report on Sweeps Operations for fiscal year 1963.

In addition we will require a statement from the visitor's register showing the number of visitors who toured the Mint, by each fiscal year extending back to 1946.

Your very prompt attention will be appreciated as the information requested will be needed for administrative use immediately after the close of fiscal year 1963.

Sincerely,

Eva Adams

August 27, 1957

Director of the Mint
Washington 25, D. C.

Dear Sir:

This is in explanation of the differences reported in your letter of August 22, between the totals of the vault seals and the total reported on our Activity Report pertaining to "unrefined silver" for June, 1957.

The total of 4,247,593.18 ounces carried in the Superintendent's account is in agreement with the totals shown on the vault seals, as mentioned in your letter. However, the Melting & Refining division is carrying a net figure of 2,236,359.69 ounces in their accounts which they advise have to be processed through the refinery.

There are two items involved which affect the totals.
These are:

Sweeps and material to be operated on by M & R - 9,233.44
(In Superintendent's account.)

Material in custody of assayer, which will
probably be used up - 2,460.89
(In M & R account.)

11,694.33 ounces

The following adjustments are therefore necessary:

	Supt. Accts.	M & R Acct.	Total
As reported	4,256,826.62-	2,238,820.58-	6,495,647.20
Less Sweeps	9,233.44		
Less In Assayer's custody	<u>4,247,593.18-</u>	<u>2,236,359.69-</u>	<u>6,483,952.87</u>

The total of 2,236,359.69 ounces charged to the M & R were classified on the vault seals as follows:

O-6-Refined Silver Bars-"D"	-	669,866.73
O-17-"D"-Silver 1952-3-5-6-7	-	<u>1,566,492.96</u>
		2,236,359.69

However in reclassifying these as unrefined silver, Mr. Miller has offered the following explanation:

"Vault O-6 contains "Homestake" silver purchased as unrefined silver and "Kennecott" silver from their Salt Lake City silver refinery. However, the latter assays less than 999 fine in silver. It is, therefore, being held for eventual processing through the refinery. All silver in this compartment is, accordingly, classified as unrefined silver.

"Vault O-17 contains "Homestake" silver purchased as unrefined silver and "Kennecott" silver from their Salt Lake City silver refinery. The latter includes bars both above and below 999 fine in silver. However, all of this "Kennecott" silver is being held for eventual processing through the refinery because it is known to contain small amounts of unreported gold and because the refinery is so badly in need of silver for alloying purposes. All silver in this compartment is, accordingly, classed as unrefined silver."

We trust this will enable you to reconcile the accounts.

Dear Sir:

This is in explanation of the differences reported in your letter of August 22, between the totals of the vault seals and the total reported on our Activity Report pertaining to "unrefined silver" for June, 1957.

The total of 4,247,593.18 ounces carried in the Superintendent's account is in agreement with the totals shown on the vault seals, as mentioned in your letter. However, the Melting & Refining division is carrying a net figure of 2,236,359.69 ounces in their accounts which they advise have to be processed through the refinery.

There are two items involved which affect the totals. These are:

Sweeps and material to be operated on by M & R - 9,233.44
(In Superintendent's account.)

Material in custody of assayer, which will
probably be used up - 2,460.89
(In M & R account.)

11,694.33 ounces

The following adjustments are therefore necessary:

	Supt. Accts.	M & R Acct.	Total
As reported	4,256,826.62-	2,238,820.58-	6,495,647.20
Less Sweeps	9,233.44		
Less In Assayer's custody		2,460.89	
	<u>4,247,593.18-</u>	<u>2,236,359.69-</u>	<u>6,483,952.87</u>

The total of 2,236,359.69 ounces charged to the M & R were classified on the vault seals as follows:

O-6-Refined Silver Bars-"D"	-	669,866.73
O-17-"D"-Silver 1952-3-5-6-7	-	<u>1,566,492.96</u>
		2,236,359.69

However in reclassifying these as unrefined silver, Mr. Miller has offered the following explanation:

"Vault O-6 contains "Homestake" silver purchased as unrefined silver and "Kennecott" silver from their Salt Lake City silver refinery. However, the latter assays less than 999 fine in silver. It is, therefore, being held for eventual processing through the refinery. All silver in this compartment is, accordingly, classified as unrefined silver.

Dear Madam:

Reference is made to your "Monthly Activity Report",
Schedule III, Item 4, pertaining to unrefined silver bullion
on hand as of June 30, 1957.

A review of the joint seal records held by this office
indicated 4,247,593.18 ounces of unrefined silver bullion
under joint seal at the end of fiscal year 1957, and since
the refinery was not in operation, it would appear that
practically all unrefined bullion would be under joint seal.
Your activity report reflects the amount of this material
as 6,495,647.20 ounces. In order to explain the difference,
you are requested to submit a summary of the lots included
in that total. Clippings or other material suitable for
coinage operations should not be considered as unrefined
for this purpose. The amount to be reported should include
only bullion which would normally be expected to be pro-
cessed through the refinery.

Very truly yours,

Director of the Mint

SUBJECT: Silver classification

All silver contained in Vault "O", Compartment Nos. 1, 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16 and Vault "J", Compartment No. 11 is unrefined silver.

Vault "O", Compartment No. 6 contains "Homestake" silver purchased as unrefined silver and "Kennecott" silver from their Salt Lake City silver refinery. However, the latter assays less than 999 fine in silver. It is, therefore, being held for eventual processing through the refinery. All silver in this compartment is, accordingly, classified as unrefined silver.

Vault "O", Compartment No. 17 contains "Homestake" silver purchased as unrefined silver and "Kennecott" silver from their Salt Lake City silver refinery. The latter includes bars assaying both above and below 999 fine in silver. However, all of this "Kennecott" silver is being held for eventual processing through the refinery because it is known to contain small amounts of unreported gold and because the refinery is so badly in need of silver for alloying purposes. All silver in this compartment is, accordingly, classed as unrefined silver.

All silver contained in Vault "G", Compartment No. 6 is unrefined silver except 963,320.04 fine ounces of refined silver from our silver refinery, which, of course, should be classed as refined silver.

Dear Madam:

This is in reference to your letter of July 21, 1959 regarding our summary tabulations of Schedule III of your Monthly Activity Reports for the fiscal year 1959. As indicated in your letter the tabulations were checked to original source records and are in agreement.

However, these figures do not check to the Assayers Report for the fiscal year 1959, enclosed with your letter. The monthly reports should also be prepared by the Assaying Division rather than the Cash and Deposits Division in order to be comparable with the fiscal year Assayers Report. A comparison of the items in question is given below. For your information figures for these items for the fiscal year 1958 as published in Table 10, page 26 of the Annual Report for last year are also shown*.

	Assayers Report for fiscal year <u>1959</u>	Total of Monthly Activity Reports July 1958 - June <u>1959</u>	<u>Fiscal Year 1958*</u>

Please amend future monthly reports of bullion deposit transactions and assay determinations accordingly, and also report the total number of assay determinations, all three items of which are to be prepared by the Assaying Division. An amended report for the month of July 1959 on this basis will be necessary.

Dear Sir:

This is in reply to your letter of September 4. We regret that through a typographical error in our June, 1957 Activity Report, Schedule III, a comma was used instead of a period. The total should have read 119.4⁵⁸, instead of 119,4⁵⁸ troy ounces.

Under item 5 of Schedule III it is now assumed that the form submitted with your letter of September 4 should be attached, instead of inserting any figures on that schedule. The form has been executed and is returned herewith. We are wondering if a supply of these forms cannot be sent to us, so that we will have them on hand when making the June reports?

Dear Madam:

The enclosed blank form is transmitted for a complete statement of Denver Sweeps Operations for the fiscal year 1957. Although a portion was reported on Schedule III of your June 1957 Activity Report the caption does not state what the sweeps item represents. The gold content totaling 119,458 fine ounces also appears high compared with prior years.

Please recheck against the 1956 Annual Settlement Report the total amount of sweeps held on June 30, 1956 before filling in from the lower section of last year's Statement, the figures that will appear in top section of this year's Statement.

Director of the Mint
Washington 25, D. C.

Dear Sir:

We refer to our activity reports
submitted for the month of October, 1960.

In filling out Item I of Schedule III,
the assayer inadvertently showed the total
assay determinations for the year instead
of for the month.

Will you, therefore, correct your
records to show 4,241 determinations instead
of 15,890.

Very truly yours,

Superintendent

ALP/cl

Dear Mrs. Higby:

This is in reference to the one gold button and one piece of dental scrap weighing only .09 troy ounce, seized from Amelia Chavez-Luna and forwarded to you by the Bureau of Customs, El Paso, Texas.

This gold has been forfeited to and is now owned by the United States. Accordingly, a determination has been made that the gold may be received for the account of the District Director of Customs, P. O. Box 9516, El Paso, Texas 79985.

You are instructed to take this gold into the appropriate gold account, separate from other deposits, with the appropriate description, and the deposit should be recorded in the name of the District Director of Customs, El Paso, Texas. Settlement should be made therefore on the basis of \$35 per fine troy ounce (without making a deduction for handling or other charges).

Your check in payment should be made payable to the District Director of Customs, El Paso, Texas, citing his file number as the reference in your transmittal.

In accordance with General Letter No. 18, revised June 24, 1955, please submit a report in duplicate with respect to this matter.

Sincerely yours,

Mary Brooks

Dear Mrs. Higby:

A determination has been made that the two (2) gold coins and the (499) Canadian gold-plated silver coins and the 1967 Canadian Centennial set of gold-plated silver coins delivered to you by the Bureau of Customs, Pembina, North Dakota, may be accepted as a deposit.

Since this gold was forfeited to the Government and is now owned by the United States, settlement should be made therefor on the basis of \$35 (without making a deduction for handling or other charges) per fine troy ounce.

The silver coins included in this deposit may be purchased in accordance with the instructions in the letter of July 26, 1967.

The check is to be made payable to the Bureau of Customs and forwarded to the District Director of Customs, Pembina, North Dakota 58271 citing district case numbers 1396 and 1397 as reference in your transmittal.

Sincerely,

419 - DOLLARS

U.S. MINT AT DENVER

Dear Mrs. Highy:

This is in reference to my letter of November 5, 1969 concerning a shipment of gold coins and gold-plated silver coins delivered to you by the Bureau of Customs, Pembina, North Dakota. In addition, the 40 1967 Canadian gold-plated dimes; the 40 1967 Canadian gold-plated nickels and the 40 1967 Canadian gold-plated pennies may be accepted as a deposit.

Since this gold was forfeited to the Government and is now owned by the United States, settlement should be made therefor on the basis of \$15 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to the Bureau of Customs and forwarded to the District Director of Customs, Pembina, North Dakota 58271 citing district case number 1397 as reference in your transmittal.

Sincerely,

Mary Brooks
Director of the Mint

Refined silver coins will be sold for at the current value, that is, silver dollars at \$1.50 per fine ounce of silver, and subsidiary silver coins at \$1.50 per fine ounce of silver.

My letter of July 1, 1966 relative to the redemption of gold silver is multiplied of 1000 unless gold coins and the instructions contained therein are no longer effective.

~~Mr. Carr~~
Officer in Charge
United States Assay Office

San Francisco, California 94102

Dear Mr. Carr:

*File in
gold deposits*

It has been the practice of the Mint, for many years prior to May 24, 1967 when instructions were issued which limited the maximum amount to be paid for silver contained in gold deposits to \$1.29 per fine ounce, to pay for such silver based on the official quotations issued by Handy and Harman. The Assistant Secretary of the Treasury has authorized the Mint to purchase silver contained in gold deposits at the market value. The Mint price, the day after the quotation, is as follows:

(1) Pay the official quoted price, less the fraction

or

(2) Pay one cent under the official quoted price when it is an even cent.

*from other
Govt. Agencies*

You are requested to pay the quoted price on all deposits received from July 17 forward, except those that have already been paid at \$1.29 prior to these instructions. In addition, silver deposits received for purchase from other Government agencies, with prior approval from this office, will be paid for at market price. Therefore, the instructions contained in my letter of May 24, 1967, setting the maximum price to be paid at \$1.29 are hereby rescinded.

The New York Assay Office will notify you daily by telephone, followed by written confirmation, when the price changes.

Mutilated silver coin will be paid for at the monetary value, that is, silver dollars at \$1.29+ per fine ounce of silver, and subsidiary silver coin at \$1.38+ per fine ounce of silver,

My letter of July 1, 1966 relative to the revaluation of cost silver in multiples of 1000 ounces each month and the instructions contained therein are no longer effective

As a result of the above changes, you may find it necessary to ask this office for clarification. Please feel free to ask for our advice when needed.

Sincerely,

Dear Mr. Fleishman:

This is in reply to your transmittal of June 18, 1967
with enclosure, concerning gold-plated coins.

The gold-plating of coins is prohibited under the terms
of Section 54.4(14) of the Gold Regulations for the reason that
such plating is not considered to be a "customary use" of gold.

The set of Canadian coins (\$1 to 1¢ - (6 coins)) which have
been gold-plated is returned herewith. These coins are seizable
items and should be forfeited to the Government. After forfeiture
proceedings have been effected all such coins should be delivered
to the nearest United States Mint or Assay Office for deposit to
the account of the District Director of the port where seized.

Sincerely, yours,

~~Mr. Carr~~
Officer in Charge

Dear Mr. Carr:

*Sil in
Gold deposits*

It has been the practice of the Mint, for many years prior to May 24, 1967 when instructions were issued which limited the maximum amount to be paid for silver contained in gold deposits to \$1.29 per fine ounce, to pay for such silver based on the official quotations issued by Handy and Harman. The Assistant Secretary of the Treasury has authorized the Mint to purchase silver contained in gold deposits at the market value. The Mint price, the day after the quotation, is as follows:

(1) Pay the official quoted price, less the fraction

or

(2) Pay one cent under the official quoted price when it is an even cent.

*From other
Govt. agencies*

You are requested to pay the quoted price on all deposits received from July 17 forward, except those that have already been paid at \$1.29 prior to these instructions. In addition, silver deposits received for purchase from other Government agencies, with prior approval from this office, will be paid for at market price. Therefore, the instructions contained in my letter of May 24, 1967, setting the maximum price to be paid at \$1.29 are hereby rescinded.

The New York Assay Office will notify you daily by telephone, followed by written confirmation, when the price changes.

Mutilated silver coin will be paid for at the monetary value, that is, silver dollars at \$1.29+ per fine ounce of silver, and subsidiary silver coin at \$1.38+ per fine ounce of silver,

My letter of July 1, 1966 relative to the revaluation of cost silver in multiples of 1000 ounces each month and the instructions contained therein are no longer effective

As a result of the above changes, you may find it necessary to ask this office for clarification. Please feel free to ask for our advice when needed.

U. S. MINT AT DENVER

Dear Mrs. Higby:

A determination has been made that the thirty-five gold coins, one gold-plated U. S. half dollar, 1 bracelet and six bezels delivered to you by the Bureau of Customs, San Antonio, Texas, may be accepted as a deposit.

Since this gold was forfeited to the Government and is now owned by the United States, settlement should be made therefor on the basis of \$35 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to the Bureau of Customs and forwarded to the District Director of Customs, P. O. Box 758, Laredo, Texas 78401 citing the following district case numbers as reference in your transmittal:

CN 2308-76 - Robert M. Vario - 5 gold coins
CN 2308-77 - Melchor G. Cardenas - 1 gold coin
CN 2308-78 - Patrick Sullivan - 1 gold coin in bezel
CN 2308-79 - Jerome Jerome - 1 gold coin in bezel
CN 2308-81 - Linda Hofeldt - 1 gold coin
CN 2308-82 - Peter F. McCannal - 1 gold coin in bezel
CN 2308-83 - W. R. Rodriguez - 2 gold coins in bezel
CN 2308-84 - Wm. L. Edwards - 1 gold coin
CN 2308-85 - E. S. Bebuich - 2 gold coins
CN 2308-86 - Sterling Caudill - 1 gold coin
CN 2308-87 - A. Banda Tuna - 4 gold coins (1-50 Peso & 3-21.1/2 Gold Coins)
CN 2308-88 - Mildred E. Tate - 1 gold coin
CN 2308-89 - Machuga Miguel - 1 half dollar gold-plated Kennedy coin
CN 2308-90 - Olga Joya - 1 gold coin with bezel
CN 2308-91 - C. Sheba Gunter - 5 gold coins
CN 2308-92 - Robert O. Benson - 6 gold coins

~~Mr. Carr~~
Officer in Charge
United States Assay Office

San Francisco, California 94102

Dear Mr. Carr:

*Set in
Gold deposits*

It has been the practice of the Mint, for many years prior to May 24, 1967 when instructions were issued which limited the maximum amount to be paid for silver contained in gold deposits to \$1.29 per fine ounce, to pay for such silver based on the official quotations issued by Handy and Harman. The Assistant Secretary of the Treasury has authorized the Mint to purchase silver contained in gold deposits at the market value. The Mint price, the day after the quotation, is as follows:

(1) Pay the official quoted price, less the fraction

or

(2) Pay one cent under the official quoted price when it is an even cent.

*From other
Govt Agencies*

You are requested to pay the quoted price on all deposits received from July 17 forward, except those that have already been paid at \$1.29 prior to these instructions. In addition, silver deposits received for purchase from other Government agencies, with prior approval from this office, will be paid for at market price. Therefore, the instructions contained in my letter of May 24, 1967, setting the maximum price to be paid at \$1.29 are hereby rescinded.

The New York Assay Office will notify you daily by telephone, followed by written confirmation, when the price changes.

Mutilated silver coin will be paid for at the monetary value, that is, silver dollars at \$1.29+ per fine ounce of silver, and subsidiary silver coin at \$1.38+ per fine ounce of silver,

My letter of July 1, 1966 relative to the revaluation of cost silver in multiples of 1000 ounces each month and the instructions contained therein are no longer effective

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Dear Mrs. Rossmiller:

Today by REA Express we have shipped to the Denver Mint the net amount of 813.65 ounces of 10K Yellow Gold Refining Scrap and 466.40 ounces of 10K Yellow Gold Filings. In accordance with your letter to us of December 16, 1968, please melt and refine this material on the exchange bases mentioned in your letter. If it is your policy to send us a bill for the refining cost before you make the exchange, this will be satisfactory with us. Or if you merely wish to deduct the refining cost from the exchange amounts, that would also be all right in so long as we get a full statement of the transaction.

When you make the return shipment of fine gold to us, we would like it consigned to:

Mr. Walter Teinert, Only
Jewelry Vault Dept.
Star Engraving Company
3201 Allen Parkway
Houston, Texas 77019

If the shipment can be sent by parcel post special delivery, this would be most suitable. Or the shipment could be sent by REA Express, collect with the consignee as specified above also.

We appreciate what you have said about your record through the years in dealing with depositors, and we feel sure that we may find this first shipment of ours to be only the first of many more we will send in the future.

Sincerely yours,

Dear Mrs. Higby:

A determination has been made that the one ten peso Mexican gold coin and the approx. 8.733 grams of gold shavings delivered to you by the Bureau of Customs, El Paso, Texas may be accepted as a deposit.

Since this gold was forfeited to the Government and is now owned by the United States, settlement should be made therefor on the basis of \$35 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to Bureau of Customs and forwarded to the District Director of Customs, P.O. Box 9516, El Paso, Texas 79985 citing district case numbers 2402-351 ('68) and 2402-629 as reference in your transmittal.

In accordance with the provisions of letter No. 2336, dated September 30, 1968, the following gold coin and shavings are being sent to you for the account of the District Director of Customs, P. O. Box 9516, El Paso, Texas 79985:

Sincerely,

Eva Adams

Dear Sir:

Upon entering the United States from Mexico at this port on March 20, 1969, R. Daniel Klam, 130 Gibb Street, El Paso, Texas, declared one ten peso gold coin. He was given the opportunity of returning the coin to Mexico but did not wish to avail himself of this privilege. The coin was forfeited to the Government on April 23, 1969.

Approximately 8.733 grams of gold shavings were seized by the Customs Agency Service during the course of an investigation involving the smuggling of a large quantity of gold bullion from Mexico into the United States. These shavings were forfeited to the government on April 24, 1968.

In accordance with the provisions of Bureau of Customs Circular letter No. 2534, dated September 30, 1946 (639.51), the following gold coin and shavings are being sent to you for the account of the District Director of Customs, P. O. Box 9516, El Paso, Texas 79985:

In regard to the
"shavings" recd. from
Bureau of Customs,
El Paso, Texas, per
attached correspondence.

They state a
weight of these shavings
to be 8.733 grams.

8.733 grams are
equal to .28077 troy oz.
We weighed them in
at .28 ozs. which
agrees with their
gram weight. However
this is practically dead,
but in order to
conform with their
weight this is the
way I accepted it.

Office of the Director of the Mint
 Treasury Department
 Denver, Colorado

Dear Sir:

Upon entering the United States from Mexico at this port on March 20, 1969, R. Daniel Elam, 130 Gibb Street, El Paso, Texas, declared one ten peso gold coin. He was given the opportunity of returning the coin to Mexico but did not wish to avail himself of this privilege. The coin was forfeited to the Government on April 23, 1969.

Approximately 8.733 grams of gold shavings were seized by the Customs Agency Service during the course of an investigation involving the smuggling of a large quantity of gold bullion from Mexico into the United States. These shavings were forfeited to the government on April 24, 1968.

In accordance with the provisions of Bureau of Customs Circular letter No. 2534, dated September 30, 1946 (639.51), the following gold coin and shavings are being sent to you for the account of the District Director of Customs, P. O. Box 9516, El Paso, Texas 79985:

1 ten pesos gold coin - 1959
 Approx. 8.733 grams gold shavings

Dear Mr. Colgan:

The Mint is in agreement with the procedure outlined in your letter of May 20, 1969, for the final settlement of silver due the Mint from contract B90103M. We are currently in the process of obtaining a contract for the shipment of this silver from your Utah Refinery to the Denver Mint.

If a small difference is determined between the total amount of silver computed as returnable and the actual amount shipped, you are requested to forward a check to this office for the value of this silver based on your average net realized price per troy ounce for sales in the month of June 1969.

You will be advised as to the status of the transportation contract within a short time.

Sincerely,

(Signed) Frederick W. Tate

OFFICE OF
SUPERINTENDENT

Dear Mrs. Higby:

A determination has been made that the two (2) 5-peso Mexican gold coins delivered to you by the Bureau of Customs, Dallas, Texas, may be accepted as a deposit.

Since these gold coins were abandoned to the Government and are now owned by the United States, settlement should be made therefor on the basis of \$35 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to the Bureau of Customs and forwarded to the Port Director of Customs, P.O. Box 15216, Dallas, Texas 75201, citing district case number GO-1178-D #463098 as reference in your transmittal.

Sincerely,

Eva Adams
Director of the Mint

Dear Sir:

Enclosed are two (2) 1955 5-Pesos Mexican gold coins detained from Mr. Albion J. Kolar, 3701 Summercrest Drive, Fort Worth, Texas, 76109.

Efforts to contact above party have failed and since the gold coins have been in general order status since March 17, 1968, we have declared the coins abandoned and are forwarding them to the mint for redemption payment to be made to the Bureau of Customs, P. O. Box 15216, Dallas, Texas, 75201.

Sincerely yours,

W. W. Follett

AIR MAIL

Attention: Mr. Ira C. Jenkins
Purchasing Agent

Dear Sir:

As of this date, we have not received the money order for charges and stamps requested in our letters of July 29, August 14 and August 27, 1969, covering the Mint charges on Deposit Number 5.

The exchange metal amounting to over \$50,000. is ready for transfer upon receipt of these charges and stamps.

On September 9, 1969, I called and talked to you personally. Your Accounting Department assured you the money order and stamps had been forwarded in your absence while you were on vacation. We have never received either of the above and feel you should investigate the possibility of loss and stop payment if by certified check, or check with the Post Office if this is being sent by money order.

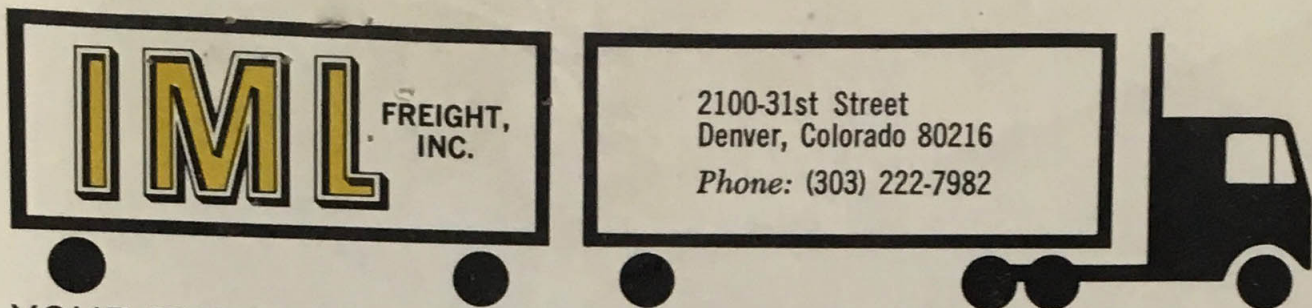

We are most anxious to resolve this matter as we are in receipt of another deposit from your Company.

I suggest, you call Mr. Glen M. Woodrow at 297-3143 and give him something definite regarding this deposit.

Sincerely,

(Mrs.) Betty Higby

Dear Sir:

The material received from you for exchange was opened and weighed by two employees. They find the Mint weight to be 3837.95 gross troy ounces instead of 3845.80 gross troy ounces as listed on your Form TG-22. This weight being 7.85 gross troy ounces short of your weight. It is necessary for you to give us written approval accepting the Mint weight, before we can process your deposit.

To facilitate handling shipments from you in the future, we suggest, you give us a letter stating Mint weights will be acceptable.

Dear Mrs. Higby:

You have our permission to always use Mint Weights now and in the future on our shipments, so there will be no delay in refining.

Thank you for your July 9 letter advising of our 7.85 ounce shortage from the weights we supplied. We always want to know the exact gross Mint weight. But you can merely show this on your returns, or advise us by letter if the difference is great.

Thank you very much for your help.

Dear Mrs. Rossmiller:

Today by REA Prepaid Express we have shipped to the Denver Mint the net amount of 1152 ounces of 10K Gold Filled Scrap and 1147.50 ounces of 10K Scrap.

Please refine and return the fine gold, and remit for the other metals, as early as possible.

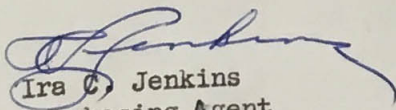

Payment for the refining, and the return postage when known, will be sent promptly after you advise.

When the metal is returned to us, please address to:

Mr. Walter Teinert, Only

Dear Mrs. Higby:

You have our permission to always use Mint Weights now and in the future on our shipments, so there will be no delay in refining.

Thank you for your July 9 letter advising of our 7.85 ounce shortage from the weights we supplied. We always want to know the exact gross Mint weight. But you can merely show this on your returns, or advise us by letter if the difference is great.

Thank you very much for your help.

Sincerely yours,

Dear Mrs. Higby:

Thank you for your October 16th letter in regard to our gold exchange.

You will please find enclosed a Cashier's Check for \$821.53 and \$24.76 in large denomination postage stamps as you have requested. In addition, we have included stamps in the amount of \$.75 for special delivery, and \$.15 for a return receipt signature.

By having our shipments sent special delivery with return receipt requested, we are able to have the shipment delivered directly to Mr. Walter Teinert at our gold vault. The previous shipments have arrived without a special consignee and were left in a general receiving department unattended. We shall appreciate it very much therefore if you can arrange to send this and other shipments as follows:

Mr. Walter Teinert, Only
Jewelry Vault Dept.
Star Engraving Company
3201 Allen Parkway
Houston, Texas 77019

We might mention that on your ^{last} shipment one of the two sacks in which the gold was enclosed had a hole in it, and only the outside sack was holding. We are mentioning this so you can have your shipper discard sacks that are about to break, as a heavy loss could incur.

We would also like to ask a question. We heard a rumor recently that your office would continue to refine our scrap gold only for a short time, as ultimately it will be necessary for us to go back to private sources for this refining. Can you advise us if this

14

Mrs. Betty Higby

is the situation, and if so, how long do you anticipate continuing this refining?

We wish to thank you very much for your help thus far, and hope that we may be able to continue sending our scrap gold to the Denver Mint.

With best wishes, we remain.

Sincerely yours,

Ira C. Jenkins

Dear Mrs. Rossmiller:

This is to advise you that Mr. Norman G. Berndt is qualified
to exchange scrap gold for gold bullion, provided the bullion is used
by him in the industry in which he is engaged and provided such
exchanges do not exceed the 50 and/or 350 ounce limitation of
Section 54.21 of the Gold Regulations.

In view of the above, you are hereby authorized to make gold
exchanges for this individual.

Sincerely,

OFFICE OF SUPERINTENDENT
UNITED STATES MINT

Pueblo Army Depot
Property Disposal Office Attn: J. J. Weiner
Pueblo, Colorado 81001

Gentlemen:

Upon receiving your shipment of gold, it was carefully weighed on our scales, which are inspected and checked daily. We find that your shipment weighs **921.91** troy ounces instead of **924.50** troy ounces as shown on your accompanying statement

The shipment was received in good condition and did not appear to have been tampered with in any way. Mint regulations require us to communicate with a depositor when a material difference in weight is found.

In order that we may process your deposit, will you please let us know whether the Mint weight is acceptable to you. In cases where the Mint weight exceeds that of the depositor, it is possible that some material was inadvertently included. If our weight is acceptable, we shall proceed to treat the deposit.

Very truly yours,

(Mrs.) Betty Higby

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Dear Mrs. Rossmiller:

A determination has been made that the one (1) 1906 5-peso Mexican gold coin delivered to you by the Bureau of Customs, Dallas, Texas may be accepted as a deposit.

Since this gold coin was forfeited to the Government and is now owned by the United States, settlement should be made therefor on the basis of \$35 (without making a deduction for handling or other charges) per fine troy ounce.

The check is to be made payable to the Bureau of Customs, P.O. Box 6250, Dallas, Texas 75222, citing district case number 463060 G0-1039-D as reference in your transmittal.

Sincerely,

Eva Adams

Gentlemen:

On November 10, 1968, we seized from Herbert Thompson, B Btry., 7th Bn., 112 Arty., McGregor Range, N. Mex., three two-peso gold coins under the provisions of Section 545, Title 18, U. S. C. At the time of the violation, Mr. Thompson stated he did not wish to return the gold coins to Mexico. However upon receipt of a letter dated January 2, 1969 from the office of Domestic Gold and Silver Operations, in which it was stated the gold pieces could be exported to a person not subject to United States jurisdiction, Mr. Thompson was so advised. This letter was returned marked "No Record."

We are therefore enclosing these three two-peso gold coins for the account of the District Director of Customs, P. O. Box 9516, El Paso, Texas 79985.

Gentlemen:

Upon receiving your shipment of gold, it was carefully weighed on our scales, which are inspected and checked daily. We find that your shipment weighs **554.87** troy ounces instead of **10,070.000** troy ounces as shown on your accompanying statement

The shipment was received in good condition and did not appear to have been tampered with in any way. Mint regulations require us to communicate with a depositor when a material difference in weight is found.

In order that we may process your deposit, will you please let us know whether the Mint weight is acceptable to you. In cases where the Mint weight exceeds that of the depositor, it is possible that some material was inadvertently included. If our weight is acceptable, we shall proceed to treat the deposit.

Very truly yours,

Dear Mr. Woodrow:

Reference is made to our previous conversation concerning 3.89 Troy Ounces of gold surrendered to the Mint on February 27, 1968, by this agency.

This gold was seized by our agents from Earl William Morrelli of 215 Harrison Street, Denver, as being illegally held by Mr. Morrelli after he attempted to sell it to an undercover agent from this office and also falsely represented himself as a Special Agent of our Service.

The gold was seized as a summary forfeiture procedure as set forth by Section 23.16 of Title 19 of the Code of Federal Regulations.

Very truly yours,

OFFICE OF
SUPERINTENDENT
U. S. MINT AT DENVER

Dear Mrs. Higby:

This is in reference to the two gold balls seized from Gabriel Benjamin Pineda on September 4, 1968 and forwarded to your Office by the Port Director of Customs, Douglas, Arizona.

This gold has been forfeited to and is now owned by the United States. Accordingly, a determination has been made that the gold may be received for the account of the Port Director of Customs, Douglas, Arizona.

You are instructed to take this gold into the appropriate gold account, separate from other deposits, with the appropriate description, and the deposit should be recorded in the name of the Port Director of Customs, Douglas, Arizona. Settlement should be made therefore on the basis of \$35 per fine troy ounce (without making a deduction for handling or other charges).

Your check in payment should be made payable to the Port Director of Customs, Douglas, Arizona, citing his file number as the reference in your transmittal.

In accordance with General Letter No. 18, revised June 24, 1955, please submit a report in duplicate with respect to this matter.

Sincerely,

Frederick W. Tate
Acting Director of the Mint

LABORATORY REPORT AND CHEMIST QUALIFICATIONS

Date: Sept. 23, 1968Seiz. No. 2601-10,008Lab. No. 5590/5521

The undersigned, if called as witness, would testify as follows in reference to case of: Defendant Gabriel Benjamin Finales

That she is employed as a chemist for the U.S. Treasury Dept., Bureau of Customs, Los Angeles Laboratory, and has been employed in that capacity for 24 years.

That during this time she has examined hundreds of substances suspected of containing narcotics and/or marihuana. That she has also testified many times as an expert witness in Federal, State, and local courts.

That she holds the degree of Bachelor of Arts, with a major in chemistry, from the University of San Diego College for Women, San Diego, California.

That on Sept. 9, 1968 a sealed ~~(package)~~ ^{box} (envelope), submitted by Port Director Douglas, Arizona, was delivered to the laboratory by Reg. Mail #300,014. This (package) ~~(envelope)~~ was placed in the laboratory vault that same day and on Sept. 23, 1968 was taken out, at which time the intact seals were broken, and that she did make a chemical and physical examination thereof, from which she formed an opinion which is as follows:

1 sealed box holding a paper packet enclosing 2 metallic balls each containing gold.

Net weight before analysis	-	2.3 oz. = 65.9 grams
Net weight after analysis	-	2.2 oz. = 63.1 grams

The 2 samples each contain approximately 70% gold by weight.

Gentlemen:

This is in reference to your recent request for authorization to exchange your scrap gold with a mint institution for gold bullion.

During the period of adjustment to the two-tier system, the Mint has continued to exchange gold bullion for scrap gold in order to insure an adequate supply of gold for industrial use. However, the Treasury Department has publicly announced that it intends to discontinue the exchange facility at the mint institutions as soon as we are satisfied that private refinery capacity in the United States is adequate to satisfy industrial needs.

In any event, the exchange facility at the mint institutions has always been restricted to those who are authorized and fully qualified to use the fine gold received in exchange in the industry, profession or art in which they are regularly engaged. We will consider authorizing the Mint to exchange your scrap gold for gold bullion during the transitional period, if you can demonstrate by previous experience that you are fully qualified and regularly engaged as a jewelry manufacturer requiring the use of gold bullion.

In this connection please furnish the following information:

1. A list of your equipment used in processing gold bullion.
2. The amounts of gold bullion purchased by you during the past twelve months.

Sincerely yours,

cc: Director of the Mint
